

# This is Matuba country

## Savour the sun, sea and mountains that shaped the grapes

Opportunity. That's what the Zulu word 'Amathuba' means and where our name comes from.

It is true of what the soil, climate and vines offer us.

It is true of what the winemaker is given every year. And it is true of our unique country, South Africa.

Our vineyards are spread across one of the richest floral kingdoms in the world; our wines shaped in this vault of biodiversity.

The land of Matuba lives in every bottle.

WINE GROWERS SINCE 1689

**MATUBA**

SOUTH AFRICA

It's all in the wine
