

3 Liter wine in a box

# RAIN DANCE

*Rain Dance is a tribute to one of Africa's oldest traditions, the celebration that brings the life sustaining rains. For over 350 years when South Africa's first vineyards were established, these rains have also nourished the vines of the Western Cape region so that these flavor filled wines can be enjoyed around the world.*

*The winemakers of WestCorp are now thinking 'inside the box' with the recent introduction of the Rain Dance 3 Liter bag-in-a-box. A popular concept, the bag-in-a-box offers bottle quality wine that stays fresh for weeks after opening ensuring each drop of Rain Dance contains all the flavor, freshness and enjoyment our winemakers intended when crafting this wine. A convenient way to enjoy wine without the fuss and hassle of a corkscrew, we invite you to join the celebration as you savor Rain Dance today.*

## Shiraz

With its easy going and approachable style, the Rain Dance Shiraz represents unbeatable quality and value for money. Smoky spice flavors and soft round tannins are well balanced with a hint of pepper. Ready to drink now. Most enjoyable when partnered with a favorite BBQ dish or spicy cuisine.

## Chardonnay

This soft, well balanced wine has a light straw color with subtle complexities on the nose and palate. Pleasantly full bodied with a smooth vanilla and citrus character laced with butterscotch flavors. A great sipping wine and as a companion with appetizers, cold meats, pasta and seafood dishes.
